

Календарь ожидания НОВОГО ГОДА

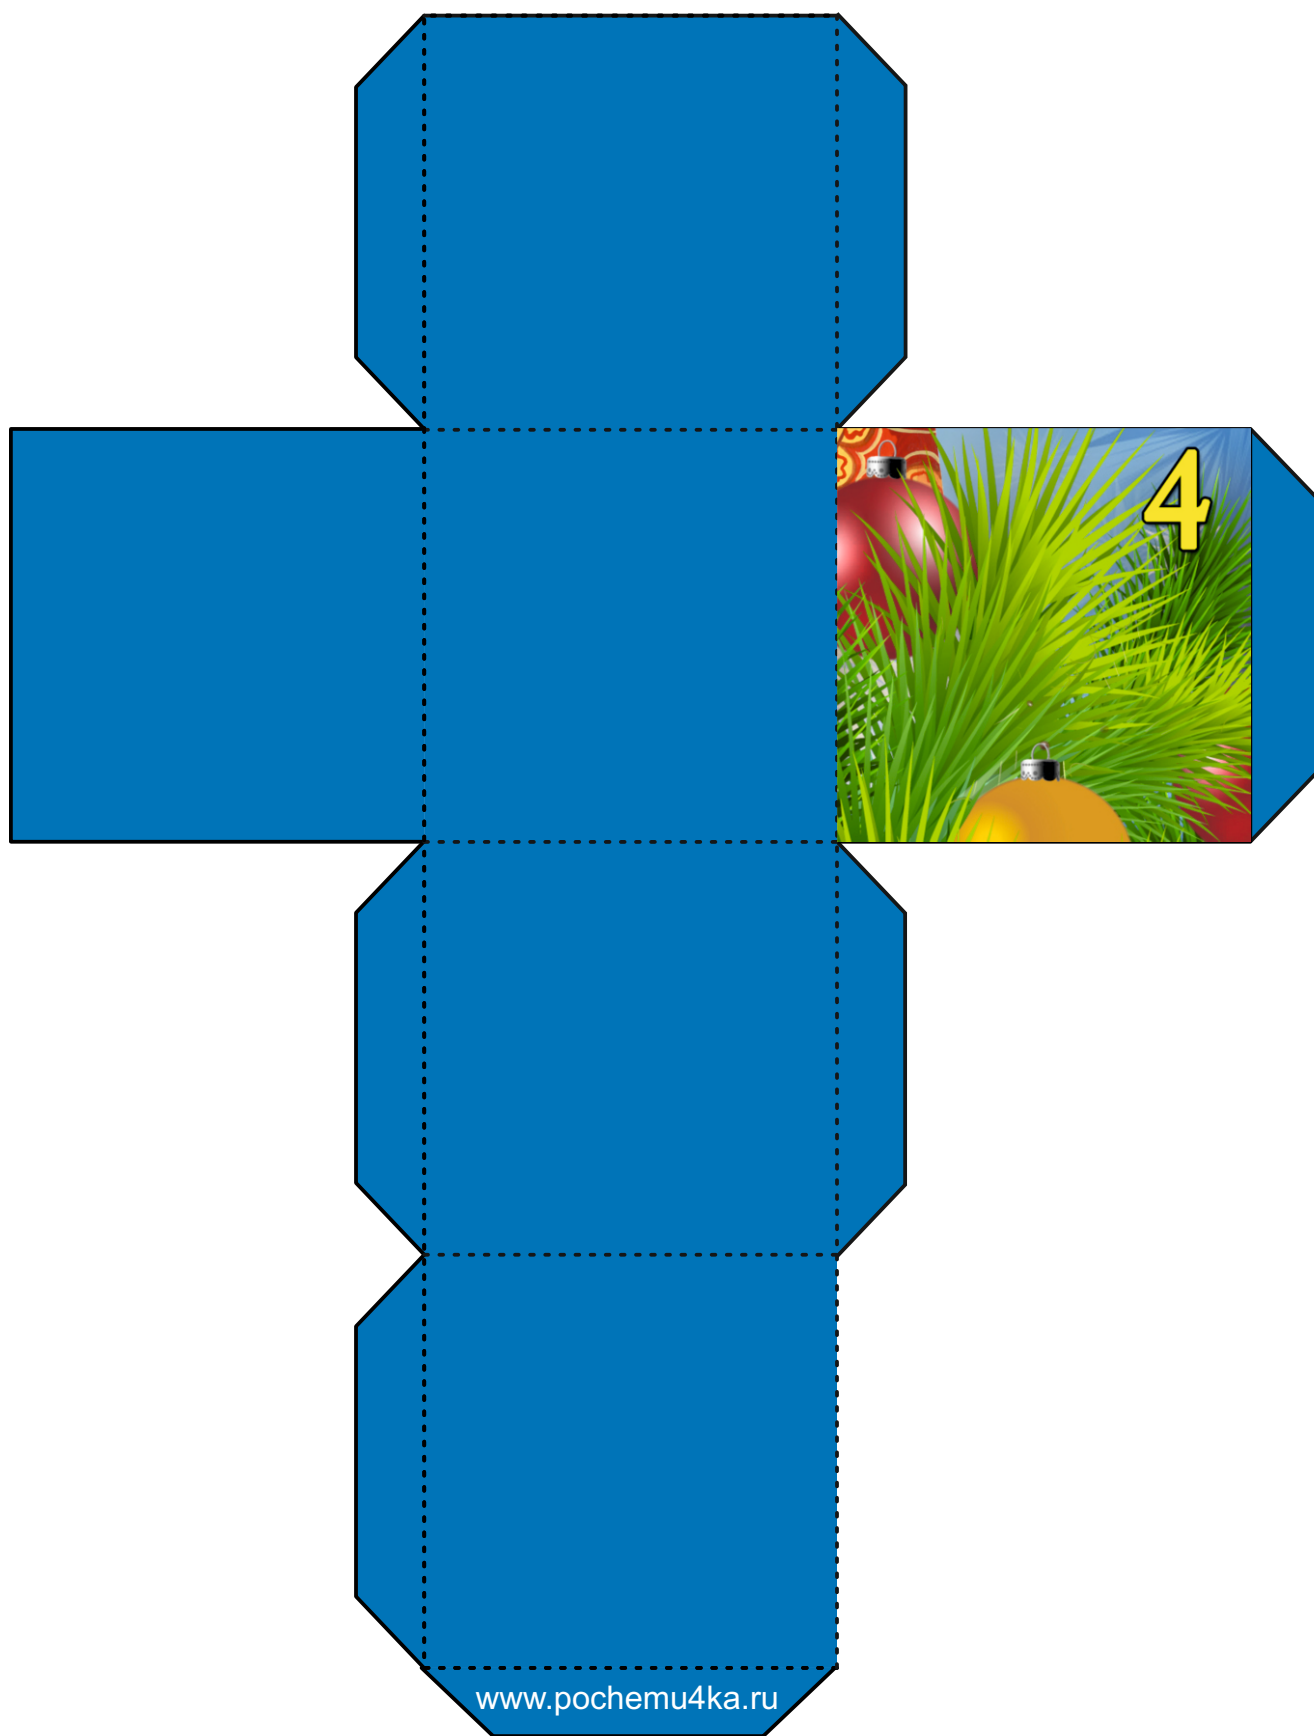

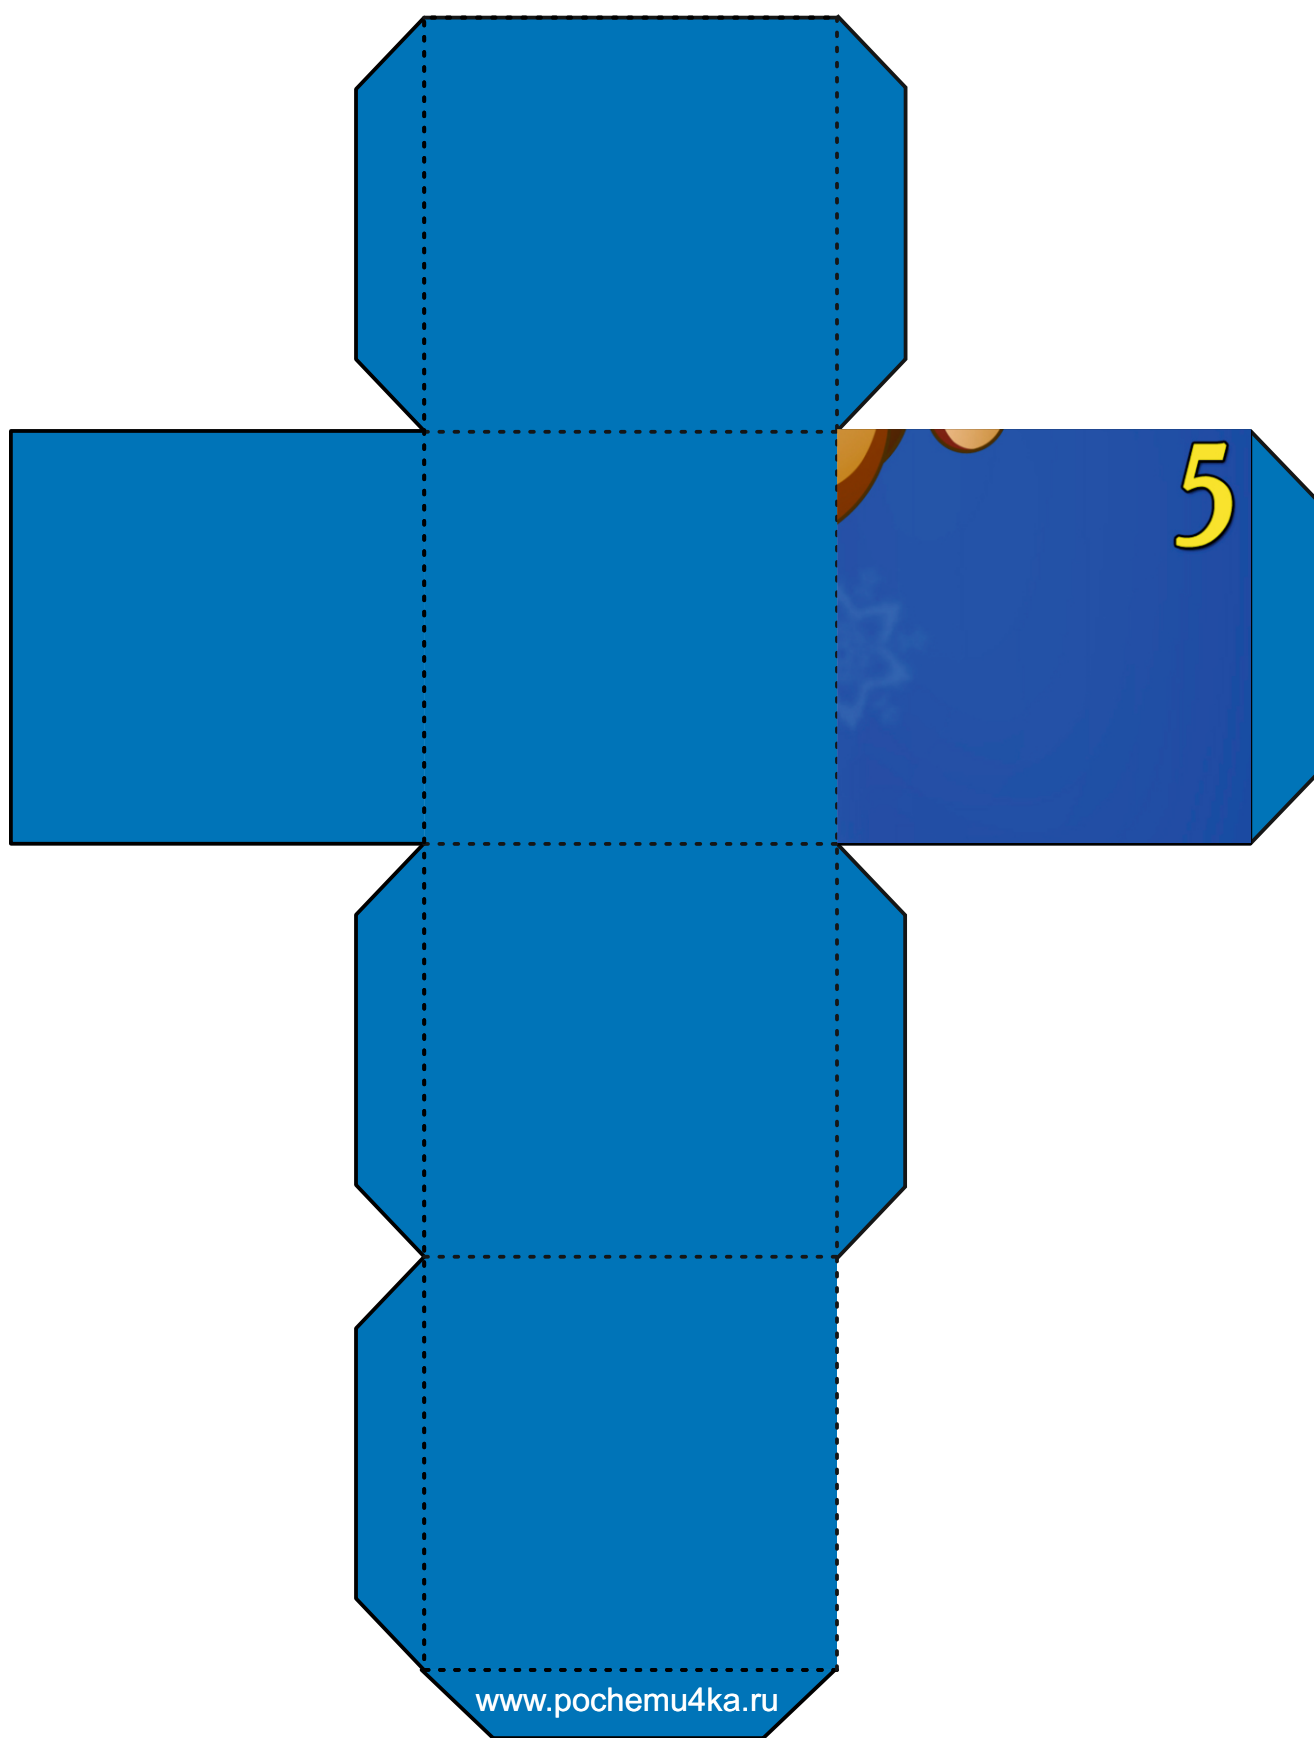

Данный календарь предназначен для самостоятельного наполнения родителями. Подготовьте 30 коробочек: распечатайте и склейте их. Наполните коробочки любым содержимым. Это могут быть конфеты, печенье, маленькие сюрпризы, а для детей постарше можно вкладывать записочки с заданиями.

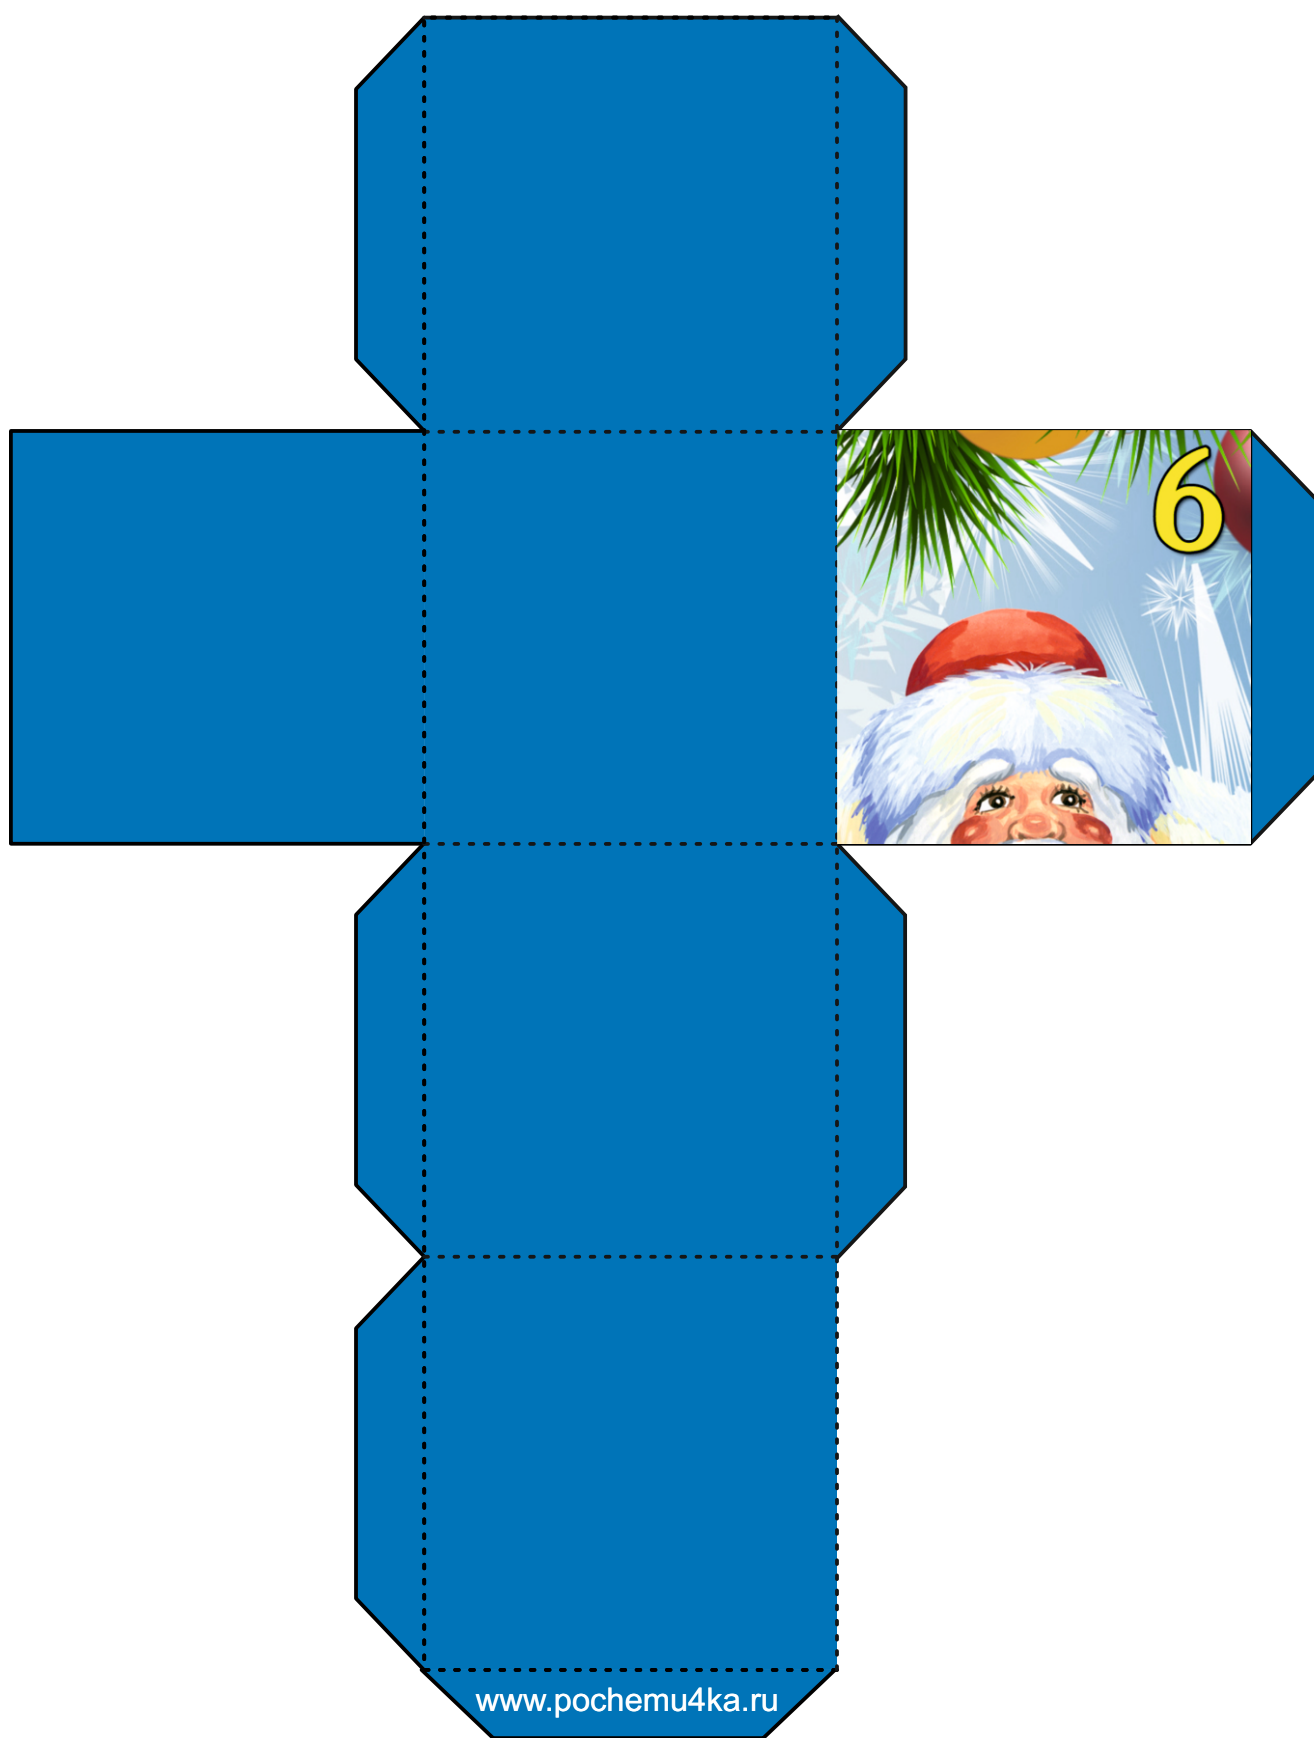

Каждый день предлагайте ребёнку очередную коробочку и находите её место на подготовленном поле (склейте между собой части две поля).
